FACEBOOK BOSSES ORDER STAFF TO USE "ANY RATIONALIZATION TO DELETE OPPOSITION POLITICS" BUT NOW THAT FACEBOOK HAS DONE THAT MORE THAN TEN TIMES, IT CREATES A LEGAL TRAP FOR FACEBOOK

By Conrad Brown - Attorney

Facebook keeps changing their rules in order to try to keep censoring information in favor of their DNC overlords.

That has caught Facebook in a legal death grip it can never survive.

In law, if a party engages in a criminal, illicit or suspicious activity, that could harm another party, they can get in much worse trouble if they are a "repeat offender". Many judges use the "ten rule". This means that if a Defendant keeps doing a bad thing, and they do it more than ten times, they are a habitual criminal.

Facebook exceeded its ten chances long ago. In fact, Facebook has habitually censored and biased information against millions of Plaintiffs over 300,000 times.

If I took this case to a federal jury trial, I would own Facebook two years later. There is no way Facebook can deny this and I have millions of witnesses to prove they did it!

Facebook, Google, Twitter, Amazon, Linkedin have been swapping voter data sets with each other in order to manipulate national and regional elections: FELONY CRIME!

By Kendra Lime

Silicon Valley oligarchs are a mob-mentality group of gangsters who like to think of themselves as members of a Godfather-like Mafia of technology "visionaries".

In reality, though, they are fraternity house elitist spoiled brats, with no moral compass, who have partnered with Perkins Coie, Wilson Sonsini, MoFo and other criminally corrupt law corporations to implement their crimes.

They decided to take over the U.S. Government and they merged the data and news manipulation from their co-owned tech companies to do it.

The Advantages of Facebook over Running Your Own Personal Website = ZERO. Disadvantages of Facebook = Thousands

By Krebs After-Look

Not only do you not need Facebook for anything at all but Facebook is actually harming you in hundreds of ways that you cannot even see.

Facebook provides you with nothing you can't get by running your own free website.

Facebook does, though, provide you with: Political disinformation; privacy abuse; cyber-bullying; distribution of your psychological profile to government spies, marketing companies and political groups; Debbie Wasserman-approved fake news; ads; spybot exposure; fake user swarm-bots; character assassination; SJW extremism; irremovable comments you wish you never said; sextortion; and hundreds of other awful things that will ruin your life.

WHO IS THE SILICON VALLEY MAFIA?

The Silicon Valley Mafia is The Sandhill Road Venture Capital frat boy company bosses in Palo Alto, their National Venture Capital Association (NVCA) partners and the tech companies (Google, Tesla, Facebook,

Amazon, Twitter, LinkedIn, etc.) they control. They are sometimes referred to as "The Deep State". They have purchased California, New York and Washington, DC politicians (mostly Senators) who they also control.

They hire rogue ex-intelligence agents to operate Fusion GPS, Gawker/Gizmodo, Black Cube, ShareBlue, New America, In-Q-Tel, Podesta Group, Media Matters, etc. massive media attack programs against competitors, reporters and outsiders. They collude on black-lists, valuation controls, election manipulation, search engine rigging, domestic spying for political manipulation, stock rigging, insider trading, executive prostitute clubs, trophy wife assignments, the bribery of politicians and worse. They are felons who pay politicians to halt investigations and interdiction efforts.

They are widely covered in news media articles as: 'sex abusers, cult enthusiasts, elitists, rapists, woman beaters, probiosis abusers, sexual work extortion operators, extremists, arrogant clones of each other, tone deaf, echo-chamber reinforcing, misogynist, racist, manipulative, insecure, covertly gay, corrupt, thieves' and other anti-social revelations. They are not limited to California and also operate out of New York and Washington DC.

They use their monopolistic control of the internet to massively and exclusively scale services that only they control and use to abuse the public's privacy, human rights, invention rights and information. They run their cartel like the old Italian Mafia once did.

Gabrielle Darbyshire

When Google, Facebook And Netflix Tell You That Something Is 'Trending'

When Google, Facebook, Netflix and other big box propaganda outlets tell you that something is '*Trending*', it means that some corporate advertiser paid them to say that. Imagine a Kardashian buying click-farm posts, by the million, from China.

When Google, Facebook, Netflix and other big box propaganda outlets tell you that something is '*Trending*', it means that you must look at that thing, like a mindless tool, because you are an illiterate kind of social sheep sort of person.

If you follow things that big corporations tell you that they say are "*trending*", it proves that you are stupid beyond belief.

"*Trending*" references on websites are paid manipulations to sucker idiots into subliminal digital messaging scams.

If you click on anything that says that it is "*trending*", you have just announced to the world that you are a sucker of unimaginable idiocy.

Nothing that is "*trending*" is a representation of anything valid about actual humans. "Trending" is the most certain sign of big data social AI manipulation that there is.

If you have any intelligence or self-respect you will never click on anything that proclaims that it is "*trending*", "*most viewed*" or otherwise rated by a corporate advertiser.

Zuckerberg smirks as he's told
'perhaps you believe you are above
the law?'
