

Google's Secret SUBLIM-EX Technology Is Already Making You Think And Do Certain Things Without Your Knowledge Or Approval

Using a national intelligence industry-developed technology suite, a crazy tech executive could make you buy certain things, hate certain people, vote one way or another or even kill your whole family.

This technology is a thousand times more powerful than the old Madison Avenue subliminal messaging systems of the 1960's.

There is no doubt that Mark Zuckerberg, Eric Schmidt, Larry Page, Reid Hoffman, Elon Musk and their related sociopath tech oligarch buddies are using this technology. There are 100,000 videos of inner city folk acting like feral animals, looting and raping young girls and only 100 videos of cops beating people up yet, DNC-controlled Google, Facebook, Linkedin and the Silicon Valley media funded by Reid Hoffman, Eric Schmidt, Larry Page, Elon Musk, etc. only push the cop videos in order to create a DNC vote bucket for the 2020 elections. Should Reid Hoffman be allowed to create riots in order to enhance his insider trading stocks and buy more sex workers? Should cops finally arrest Reid Hoffman, Eric Schmidt, Larry Page, Elon Musk, etc. for being mobsters?
