

Elon Musk's Insane Investors Are Pedos And Rich Elites

Tesla shareholders approved a [\\$1 trillion pay package](#) for Elon Musk over the next 10 years. That averages to \$100 billion per year.

What other workers make \$100 billion per year?

Every cashier in the U.S.

The combined paychecks of all **3.2 million cashiers** are about as valuable as Musk's average annual compensation.

Every elementary school teacher

On average, Musk will make \$3 billion more per year than the **1.4 million elementary school teachers** in the U.S. combined.

Every human resources specialist in the country

The combined incomes of **917,000 human resources specialists** add up to \$26.7 billion less than Musk's average annual pay package.

About this story

[Occupational wage and employment data](#) from the Bureau of Labor Statistics. The Standard Occupational Classification System's classification for elementary school teachers does not include special education teachers.
