Welcome to the **Entrepreneur VC 100** list of top early-stage venture capital firms -- a platform highlighting the who's who of the U.S. startup ecosystem.

The ranking is based on data from [PitchBook](#), a Seattle-based data and tech provider for the global private equity and venture capital markets. The firms are listed by total capital invested in seed and/or early-stage deals completed in the U.S. during 2014. While the ranking is focused on
