HOW IS THE IDEA OF 'SOCIALISM' BEING MANIPULATED BY CALIFORNIA POLITICIANS FOR THEIR OWN PROFITEERING

What Is "Socialism" According To The DNC's Reddit?

"Partly cold-war propaganda, partly current right-wing propaganda."

"People seem to really believe that under socialism, someone is going to come take all your shit away and give it to someone else. Probably someone you hate... And then you will have to watch that asshole enjoying your stuff. None of that is an accurate representation of socialism but truth never stood in the way of good propaganda."

"It has been my experience; When you ask someone who abhors "socialism", why they hate it, the answers usually boils down to "why should my hard work help someone else? Fuck him!" That is the number one problem. With people like that before you can even begin to explain socialism, you have to lay the foundation of not being a dick. People that are profoundly self-centered will always be adverse to socialism."

"Corporations control the GOP and Socialism causes corporations to lose most of their power"
